Project Compassion

Please take home a Project Compassion box and a set of donation envelopes to support Caritas Australia this Lenten season and help support vulnerable people around the world, now and *For All Future Generations*. With your support, Caritas Australia has been able to support vulnerable communities around the world to tackle poverty, food security, education, water and sanitation and disaster risk reduction to build a better future for all. Together, we can help vulnerable communities face their challenges today and build a better tomorrow *For All Future Generations*.

Anatercia's Story

Anatercia is a 12-year-old girl living in a small village in southern Mozambique. After her father passed away and her mother became incapacitated due to chronic health issues, life became a daily struggle.

She moved in with her elderly grandparents, and began to take on more and more adult responsibilities. She did most of the household chores and had to travel for hours every day to collect clean water. Water scarcity also meant that harvests were poor and there was never enough to eat. With your support, Caritas Australia's local partner, Caritas Regional Chokwe was able to help Anatercia's family to irrigate their farm to improve their food security, while also improving water access for households in the village. Her grandmother participated in sustainable farming training, while Anatercia received essential school supplies and access to psychosocial supports through a local health committee. Now, Anatercia can easily access clean drinking water, community members are able to grow healthy crops all year round, and there is enough nutritious food to eat. Anatercia feels better supported by her community, has more time to study and do her homework, and hopes to fulfil her dream of becoming a nurse.

Biru's Story

Biru, 41, lives in a rural village in Jharkand State in India's east. He lost mobility in one of his legs, after contracting polio as a child, which makes it difficult for him to walk. With your generous support, Biru was able to access an entrepreneurship and livelihoods development program, run by Caritas Australia's partner, Caritas India. He gained the skills, support and encouragement he needed to establish his own bicycle repair business. Now, Biru is able to provide a good life for his family – and an essential service to his community. He has discovered a sense of pride, confidence and hope which has inspired others living with a disability and paved the way *For All Future Generations*

Together, we can help vulnerable communities face their challenges today and build a better tomorrow
